Ref: ISCAChecklist-OAWovenFlap.doc, December 26, 2025

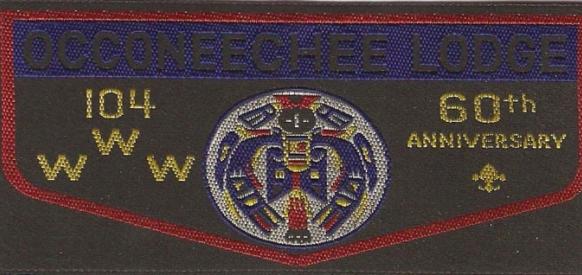

This checklist of OA Woven Flaps was compiled by Dave Lannom. It is organized by the Lodge number of the flap, and references the council, issue number and either manufacturer or edge type and any known information about the flap.

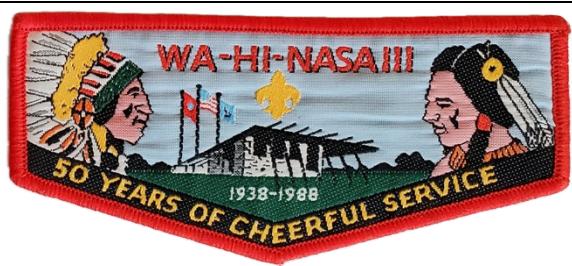

This is a work in progress; if you know of any other OA Woven flaps, particularly Apache-made flaps, please send an e-mail to Dave Lannom at dlannom@icloud.com. Pictures are very helpful.

Lodge, Council, Issue No., Type, Comments	Lodge, Council, Issue No., Type, Comments
